Bylaws of

Rural Electric Convenience Cooperative Co.

Your Touchstone Energy® Cooperative

Foreword

The previous bylaws of Rural Electric Convenience Cooperative Co. were adopted in 1939, and only a few minor amendments were adopted over the years. At the same time, the growth and expansion of the Cooperative has been such that changed conditions, procedures and requirements rendered those bylaws inadequate. Thus, the bylaws needed to be changed to meet present conditions and requirements and to allow coordination with the present laws of the State of Illinois. The Board of Directors recommended that the previous bylaws be repealed in their entirety and to adopt in lieu thereof the bylaws presented at the annual members' meeting on October 28, 1968, and incorporate amendments adopted through June 8, 2026.

Bylaws of **Rural Electric Convenience Cooperative Co.**

The release shall be in such form as from time to time prescribed by the Cooperative and shall include the disposition of all capital credits assigned or then earned but not assigned. If, within thirty days from the date of the Judgement of Dissolution or Annulment, the parties have not determined in whose name the

membership shall be continued, and have not filed such release with the Cooperative, then the membership shall automatically be registered in the name of the joint members continuing to reside in the residence and if none, the membership shall automatically terminate as to the joint members. All capital credits to which these members may then be entitled shall remain credited in the capital account in the name of all joint members, subject to transfer only by written order of all joint members.

(d) Upon death of the member, the membership certificate may be surrendered to the Cooperative. The membership fee may be repaid to the surviving spouse or surviving individual of a legally recognized relationship or next of kin, or personal representative, provided, however, that the cooperative shall deduct from the membership fee the amount of any debts or obligations owed the Cooperative by the member. Provided that as required or allowed by law and as determined by the Board:

- (1) The Member may purchase such electric energy from other sources for use on such property as the Member may determine, but subject to the law, Articles of Incorporation, bylaws and the policies, rules, regulations, and conditions established from time to time by the Board of Directors.

(3) It is expressly understood that amounts paid for electric energy, electric power distribution services, associated electric services, and/or telecommunications/broadband service in excess of the costs of service are furnished by members as capital, and each member shall be credited with the capital so furnished as provided in these bylaws. Any changes in rates, minimum payments, payment requirements, rules, regulations, or By-laws established by the Board of Directors after the effective date of any such contract shall not impair or otherwise alter the rights or obligations of any party to such a contract until and unless the term of such contract has expired; or been consented to in writing by all parties to such contract; or such changes are authorized by such contract. (Amended at 2026 Annual Membership Meeting)

(d) Purchase of Telecommunications/ Broadband Services: Each member may, as soon as telecommunications/broadband service becomes available at the member's property which the member owns or uses or in which the member has some other interest (member's property) purchase telecommunications/ broadband service for use at the member's property. The Board may, by the affirmative vote of not less than two-thirds of all the members of the Board, expel any member who fails to comply with any of the provisions of the articles of incorporation, bylaws or rules and regulations adopted by the Board, but only if such member shall have been given written notice by the Cooperative that

such failure makes him, her or it liable to expulsion and such failure shall have continued for at least ten days after such notice was given. Any expelled member may be reinstated by vote of the Board or by vote of the members at any annual or special meeting. The membership of a member who for a period of six (6) months after electric energy, electric distribution service, associated electric services, and/or telecommunications/broadband service is available to him/her or it has not purchased electric energy and/or has not taken electric distribution service and/or associated electric services and/or a member who has requested but not taken telecommunications/broadband service from the Cooperative, or of a member who has ceased to purchase energy and/or to take electric distribution service and/or associated electric services and/or a member who has ceased to purchase telecommunications/ broadband service from the cooperative may, but is not required to be canceled by resolution of the board upon such terms and conditions as the Board may prescribe.

Termination of membership in any manner shall not release a member or his/her estate from any debts or obligations due the Cooperative.

(c) In case of withdrawal or termination of membership in any manner, the Cooperative, upon such terms and conditions as the Board may prescribe, may but shall not be required to repay to the member the amount of the membership fee paid by him/her or it provided, however, that the Cooperative shall deduct from the amount of the membership fee the amount of any debts or obligations owed by the member to the Cooperative. (Amended at 2024 Annual Member Meeting)

Those Members who are determined to be Members as of the Record Date shall then be eligible to vote for all purposes at the Member meeting and receive all communications and notices to Members concerning such meeting. In

the absence of the fixing of a Record Date, those persons who have completed and signed a membership application on or before the date of the membership meeting shall be entitled to vote at the meeting.

Section 10. Member Attendance at Member Meeting.

Unless it has been determined by the Board of Directors as provided in Sections 1 or 2 of Article III of these bylaws that for compelling reasons and when emergencies arise that make it impossible or unsafe for the members to be present in one location to conduct the member meeting and the member meeting is cancelled or postponed, no Member shall be deemed to participate in a Member meeting unless such Member is present in person or by proxy at the time, date, and place of the Member meeting. Provided, however, no Member entitled to vote shall be allowed to participate in and act at any Member meeting through use of a conference telephone or interactive technology, including but not limited to mail, electronic transmission, Internet usage, or remote communication unless members are otherwise authorized by the Board of Directors and these bylaws to vote at a member meeting by mail, email, or other electronic means on propositions or matters members are authorized to vote upon and by voting in the manner authorized by the Board of Directors and these bylaws the member is deemed to be participating in the meeting. Any action members are entitled to vote on by mail, email or other electronic means at any annual or special meetings of the members may be taken only when so authorized as provided in these bylaws, provided the meeting is held in a manner that:

(a) Allows the members, entitled to vote or to take any action which may be taken at a meeting of the members, to vote by ballot in writing by mail, email or other electronic means pursuant to which the members entitled to vote thereon are given the opportunity to vote for or against the proposed action and the action receives approval by a majority of the members casting votes, or such larger number as may be required by the law, the articles of incorporation, or these bylaws, provided that the number of members casting votes would constitute a quorum if such action had been taken at a meeting at which members are present and voting in person or by proxy. Voting must remain open for not less than 5 days from the date the ballot is delivered to the member unless otherwise required by law. Provided, however, in the case of a removal of one or more directors; a merger; consolidation; dissolution or sale; lease; mortgage; or encumbrance or exchange of assets, amendment to the Articles of Incorporation and Amendment to these bylaws, these bylaws require that the voting must occur at a member meeting in which members are present in person or by proxy.

(b) When a member is entitled to vote by mail, email or other electronic means as provided in these bylaws, no member shall be allowed to vote at the meeting in person or by proxy except upon those matters which a member cannot vote upon by mail, email, or other electronic means pursuant to the law, or the Cooperative's Articles of Incorporation, or these bylaws. If authorized by the board, directors may also be reimbursed for expenses actually and necessarily incurred in carrying out such Cooperative business or granted a reasonable per diem allowance by the board in lieu of detailed accounting for some of these expenses. Directors may also receive advancement of reimbursement for any travel and out-of-pocket expenses actually, necessarily and reasonably incurred. No director shall receive compensation for serving the Cooperative in any other capacity, nor shall any close relative of a director receive compensation for service to the Cooperative, unless the payment and amount of compensation shall be specifically authorized by a vote of the members or the service by the director or his close relative shall have been certified by the board as an emergency measure. Section 8. Indemnification.

(a) The electric cooperative may indemnify any person who was or is a party, or is threatened to be made a party to any threatened,

pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right or the electric cooperative) by reason of the fact that he is or was a director, officer, employee or agent of the electric cooperative, or who is or was serving at the request of the electric cooperative as a director, officer, employee or agent of another cooperative, corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorney's fees), judgements, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding, if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the electric cooperative, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgement, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the electric cooperative, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

(b) The electric cooperative may indemnify any person who was or is party, or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the electric cooperative to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the electric cooperative, or is or was serving at the request of the electric cooperative as a director, officer, employee or agent of another cooperative, corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorney's fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit, if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to the best interests of the electric cooperative, and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the electric cooperative, unless, and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.

(c) To the extent that a director, officer, employee or agent of the electric cooperative has been successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in paragraphs (a) and (b), or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorney's fees) actually and reasonably incurred by him in connection therewith.

(d) Any indemnification under paragraphs (a) and (b) (unless ordered by a court) shall be made by the electric cooperative only as authorized in the specific case, upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he had met the applicable standard of conduct set forth in paragraphs (a) or (b). Such determination shall be made (1) by the board of directors by a majority vote of a quorum consisting

of directors who were not parties to such action, suit or proceeding, or (2) if such a quorum is not obtainable, or, even if obtainable, a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (3) by the members.

(e) Expenses incurred in defending a civil or criminal action suit or proceeding may be paid by the electric cooperative in advance of the final disposition of such action, suit or proceeding, as authorized by the board of directors in the specific case, upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount, unless it shall ultimately be determined that he is entitled to be indemnified by the electric cooperative as authorized in this Section.

(f) The indemnification provided by this Section shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of members or disinterested directors, or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be director, officer, employee or agent, and shall inure to the benefit of the heirs, executors and administrators of such a person.

(g) The electric cooperative may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the electric cooperative, or who is or was serving at the request of the electric cooperative as a director, officer, employee or agent of another cooperative, corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the electric cooperative would have the power to indemnify him against such liability under the provisions of this Section.

Section 9. Term of Office.

No person shall be allowed to serve more than three (3) 3-year terms as a Director of the Cooperative unless such person receives certification from the National Rural Electric Cooperative Association or equivalent training within that period. If certification or equivalent training is achieved by the end of a Director's third 3-year term, such Director may serve such additional terms to which the Director may be elected.

A Director who does not meet the foregoing training requirements may, after serving the maximum number of 3-year terms as stated above, be elected to the board of Directors again after sitting out one (1) 3-year term.

This amendment of the bylaws shall become effective for current Directors and Directors elected at the 2002 annual meeting of members and thereafter. (Amended at 2002 Annual Member Meeting)

Section 10. Board Committees.

The Board of Directors may create one or more committees and appoint two or more directors or such other persons as the Board may designate to each such committee to have such authority as may be by law delegated to each such committee. Unless otherwise authorized by law, each committee shall be composed of two or more directors and a majority of its membership shall be directors. Provided, however, committees relating to the election, nomination, qualification, or credentials of directors or other committees relating to the process

of electing directors may be composed entirely of non-directors. (Amended at 1999 Annual Member Meeting)

Section 11. Board Executive Committee.

Unless otherwise determined by the Board of Directors, a Board Executive Committee may be composed of the Chairman, Vice Chairman, Secretary, and Treasurer and to the extent authorized by law may exercise such Board authority as may be granted by the Board of Directors. In the event the offices of Secretary and Treasurer are held by one person the Board Executive Committee may include the Assistant Secretary and Assistant Treasurer. Section 2. Patronage Capital in Connection with Furnishing Electric Energy, Electric Distribution Services, Associated Services and/or Telecommunications/ Broadband Service.

In the furnishing of electric energy, electric distribution services, and ancillary services associated therewith and/or telecommunications/ broadband service referred to generally as cooperative services, the Cooperative's operations shall be so conducted that all members will through their patronage, furnish capital for the Cooperative. In order to induce patronage and to assure that the Cooperative will operate on a non-profit basis the Cooperative is obligated to account on a patronage basis to all its members for all amounts received and receivable from the furnishing of electric energy associated services, and/or telecommunications/broadband service. All such amounts in excess of operating costs and expenses at the moment of receipt by the Cooperative are received with the understanding that they are furnished by the members as capital. The Cooperative is obligated to pay by credits to a capital account for each member all such amounts in excess of operating costs and expenses with a separate allocation for amounts received by the Cooperative from members for the furnishing of electric energy, electric distribution services and services associated therewith and a separate allocation for amounts received by the cooperative from members for the furnishing of telecommunications/ broadband and services associated therewith. The allocations shall be on a basis established by the Board of Directors subject to the rules and regulations adopted by the Board of Directors. The books and records of the Cooperative shall be set up and kept in such

a manner that at the end of each fiscal year the amount of capital, if any, so furnished by each member is clearly reflected and edited in an appropriate record to the capital account of each member and the Cooperative shall within a reasonable time after the close of the fiscal year notify each member of the amount of capital so credited to his or her account; PROVIDED, that individual notices of such amounts furnished by each member shall be communicated to the member in a manner as required by the United States Government, acting by and through the Internal Revenue Service or any successor agency. All such amounts credited to the capital account of any member shall have the same status as though they had been paid to the member in cash in pursuance of a legal obligation to do so and the patron had then furnished the Cooperative corresponding amounts for capital. When making the foregoing allocation of patronage capital, any excess of costs and expenses over amounts received by the Cooperative from all operations of the Cooperative associated with the furnishing of electric energy and associated services and from all operations of the Cooperative associated with the furnishing of telecommunications/ broadband service and associated services may, insofar as permitted by law, and as established by the Board of Directors subject to the rules and regulations adopted by the Board of Directors be used to offset all current or future amounts received by the Cooperative from all operations of the Cooperative, including the furnishing of electric energy and/or telecommunications/broadband service and services associated therewith. In making such allocation, the Cooperative shall first apply any excess of cost and expenses over amounts received by the Cooperative from the furnishing of electric energy, associated services and/or telecommunications/broadband service and associated services before utilizing any excess of costs and expenses over amounts received by the Cooperative from all other operations of the Cooperative. (Amended at 2024 Annual Member Meeting)

Section 3. Capital in Connection with Other Operations.

All other amounts received by the Cooperative from all operations of the Cooperative, other than the furnishing of electric energy in excess of costs and expenses associated with such other operations may, insofar as permitted by law, be used to offset any losses incurred during the current or any prior fiscal year, resulting from the furnishing of electric energy and associated services and/or telecommunications/broadband and associated services or any other operations or to meet operating costs and expense chargeable against the furnishing of electric energy. All amounts not otherwise used shall be allocated to its patrons on a basis established by the board of directors, and any amount so allocated shall be included as part of the capital credited to the accounts of patrons, as herein provided.

(Amended at 2024 Annual Member Meeting)

Section 4. Distribution of Capital Credits.

In the event of dissolution or liquidation of the Cooperative, after all outstanding indebtedness of the Cooperative shall have been paid outstanding capital credits shall be retired without priority on a pro rata basis before any payments are made on account to property rights of members. If, at any time prior to dissolution or liquidation, the Board shall determine that the financial condition of the Cooperative will not be impaired thereby the capital credits to patrons' accounts may be retired in full or in part. Any retirements prior to dissolution or

liquidation of capital furnished prior to January 1, 1996, shall be made in order of priority according to the year in which the capital was furnished and credited, with the capital first received by the Cooperative being the first retired, subject to the rules and regulations adopted by the Board of Directors pursuant to this section. Any retirements prior to dissolution or liquidation, of capital furnished after December 31, 1995, shall be made pursuant to the method, basis, priority, and order established by the Board of Directors, subject to the rules and regulations adopted by the Board of Directors pursuant to this section. The Board of Directors shall have the power to adopt rules providing for the separate retirement of that portion ("power supply portion") of capital credits to the accounts of patrons which corresponds to capital credited to the account of the Cooperative by an organization furnishing electric service to the Cooperative. Such rules shall (a) establish a method for determining the power supply portion of capital credited each patron for each applicable fiscal year, (b) provide for separate identification on the Cooperative's books of the power supply portion of capital credited to the Cooperative's patrons, (c) provide for appropriate notifications to patrons with respect to the power supply portion of capital credited to their accounts and (d) preclude a general retirement of the power supply portion of capital credited to patrons for any fiscal year prior to the general retirement of other capital credited to patrons for any prior fiscal year. (Amended at 2022 Annual Member Meeting)

Section 5. Assignment, Set-off and Bankruptcy.

Capital credited to the account of each member may be assigned on the books of the Cooperative pursuant to written instruction from the member and only to successors in interest or successors in occupancy in all or a part of such member's premises served by the Cooperative or to such other lawful designee pursuant to policies of general application adopted by the Board of Directors pursuant to this section. The capital provided by members shall also serve as security for payment of debts the patron member may owe to the Cooperative and members acknowledge that they are not entitled to receive any distribution of capital credits unless all debts to the Cooperative have been paid in full and, before any capital credits are distributed, the Cooperative shall deduct therefrom any amounts still due and owing the cooperative by any member, together with interest at the highest rate allowable by law. In the event a member becomes bankrupt, the Board of Directors is authorized to negotiate a resolution of the bankrupt member's capital credit accounts, including the possible distribution of capital credits, provided that any resolution or distribution shall be made on a discounted basis and shall not impair the financial condition of the Cooperative. (Amended at 1999 Annual Member Meeting)

Section 6. Distribution Upon Death of a Natural Person.

Notwithstanding any other provision of these bylaws, the board at its discretion, shall have the power at any time upon the death of any patron, who was a natural person, if the patron's legal representative requests in writing that the capital credited to any such patron be retired prior to the time such capital would otherwise be retired under the provisions of these bylaws, to retire capital credited to any such patron immediately upon such terms and conditions as the board, acting under policies of general application, and the legal representatives of such patron's estate shall agree upon; provided,

however, that the financial condition of the Cooperative will not be impaired by such retirement.

Section 7. Forfeiture of Capital Credits.

Both during the time that a person is a member of the Cooperative and at all times after ceasing to be a Cooperative member, it shall be a member's duty to keep the Cooperative apprised of the member's current mailing address for the purpose of paying any capital credits that may be authorized by the Board of Directors from time to time. If the Cooperative cannot contact the member at the address listed by the member, the Cooperative shall publish a notice of its intention to recover any unclaimed capital credits, patronage refunds, utility deposits, membership fees, account balances, or book equity for the member or former member in a newspaper of general circulation printed in the County in which the member or former member listed as his or her address.

Such notice shall state the member's name and an approximate amount of the member's interest and that if no proper claim is filed by the member within sixty (60) days after the one-time publication of said notice, the Cooperative may credit against said account any amounts due and owing the Cooperative by said member and, the balance held by the Cooperative shall be subject to assignment to the Cooperative.

The failure of any member or former member to claim any cash retirement or capital credit or other payment within two years or such other time period established by law after payment had been made available to such person will constitute an irrevocable assignment to the Cooperative and will give the Cooperative such capital credits or other payments. (Amended at 2022 Annual Member Meeting)
